

An integrated surveillance program for improved detection, containment and mitigation of COVID-19

Principle Investigators:

Rachel O'Neill, Ph.D., Director Institute for Systems Genomics, Dept. Molecular and Cell Biology,
rachel.oneill@uconn.edu

Kendra Maas, Ph.D., Director Microbial Analysis and Resource Services
kendra.maas@uconn.edu

Joel Salisbury, MFA., Director, Research and UX Design, UConn DMD Digital Experience Lab; Digital Media & Design; joel@uconn.edu

Michael Vertefeuille, MFA, Associate Dept Head, Digital Media and Design, Digital Experience Group,
michael.vertefeuille@uconn.edu

Key Personnel (by unit):

Student Health and Wellness:

Suzanne Onorato, Ph.D. Executive Director
Benjamin Christensen, MFA, Project Manager
Ellyssa Eror, MD, Medical Director

Facilities Operations:

Mike Jednak, Associate Vice President of Facilities Operations
Tim Grady, Manager, Utilities Systems
Stanley Nolan, Director, Utility Operations & Energy Management
Katie Milardo, Manager, Water & Compliance

Information Technology Services: Jessica Heathcote, Team Lead, Applications and Technology Solutions

Center for Land Use Education and Research (CLEAR): Emily Wilson, Geospatial Educator

Residential Life:

Amy Crim, Director of Residence Education
Pamela Schipani, Executive Director Res Life

COR2E:

Dan Schwartz, Ph.D., Director
Joseph O'Shea, Developer

Health Care Genetics: Judy Brown, Ph.D., Director Health Care Genetics PSM

Supporting Facilities: COR²E, Center for Genome Innovation, Computational Biology Core
